Benefits

Powerful, 3-Way Active System	<ul style="list-style-type: none"> Total peak power of 3000 watts of Class D amplification. 12-inch subwoofer, dual 4-inch midrange drivers and 1-inch HF compression driver. 	<ul style="list-style-type: none"> High fidelity, low distortion performance at any sound level.
QSC LEAF™ Waveguide	<ul style="list-style-type: none"> Patented QSC LEAF waveguide (first introduced in L Class). 	<ul style="list-style-type: none"> Natural-sounding high frequency performance. Impressive vocal clarity.
True Coverage Control	<ul style="list-style-type: none"> Precise and consistent coverage up to 20 kHz (V) and 18.5 kHz (H). Vertical: 35 degrees. Horizontal: 145 degrees. 	<ul style="list-style-type: none"> A large audience is covered with a single loudspeaker. A stereo system will fill a very large room. Loudspeaker down-tilt optimizes audience coverage.
Highly Portable & Adjustable	<ul style="list-style-type: none"> The system consists of 3 separate elements. Each element is light with convenient handles or grip points. Tall and short system deployments. 	<ul style="list-style-type: none"> Easy to carry and assemble (tote included). Light weight for single person transport. Dual deployments cover all applications.
Bluetooth® Audio	<ul style="list-style-type: none"> Features True Wireless Stereo (TWS) Bluetooth (using 2x KC12 units). 	<ul style="list-style-type: none"> Ensures fast pairing between music source and both left and right loudspeakers.
Useful Functionalities	<ul style="list-style-type: none"> Global Parametric EQ, Subwoofer level, application-specific Presets. Separate user-definable DSP settings for A and B inputs. Delay (200 ms) or Reverb. 	<ul style="list-style-type: none"> High degree of flexibility for a myriad of applications.
Stylish	<ul style="list-style-type: none"> Available in Black and White finishes. Minimalist and sleek system design. User-selectable blue LED (located on the subwoofer). 	<ul style="list-style-type: none"> System blends into any venue or event with style.
Robust Construction & Finish	<ul style="list-style-type: none"> Scratch-resistant ABS plastic elements. Extremely durable Polyurea paint on wood surfaces. Aluminium Column Pole with ultra-strong, fiberglass-reinforced couplers. 	<ul style="list-style-type: none"> Deployed systems are extremely stable. Ensures long lasting, elegant appearance. Minimizes wear and tear, even after years of use.
No Visible Cables	<ul style="list-style-type: none"> Hidden interconnections between system components. All input/output connections recessed at the rear of the system. 	<ul style="list-style-type: none"> Simple and practical deployments in any venue.
